Staffroom				

As there are no longer any restriction on social distancing the staffroom can be accessed by all staff. An alternative room is available at break and lunch for those who would feel more comfortable to access this.

Staff will have the same break and lunch time all week in order to limit the number of contacts in a week.

## Ventilation

Ensure where possible that classroom windows are open to ensure that rooms are ventilated.

## **Universal Precautions**

Monitoring arrangements are in place to ensure that supplies of soap, hand towels and sanitiser are maintained throughout the day.

Staff training includes the need to remind pupils of the need and to help them to wash their hands regularly and frequently.

Posters reinforce the need to wash hands regularly and frequently.

Staff monitor the extent to which handwashing is taking place on a regular and frequent basis.

Emphasis on the "catch it, bin it, kill it" guidance

## Wellbeing of Pupils and Staff

Pupils access lessons around understanding emotions and well-being. Teachers continuously assess and support pupil's individual well-being.

Class staff are available to support pupils with mental health issues and there is access to designated staff for all pupils who wish to talk to someone about wellbeing/mental health.

The wellbeing of staff is considered in all decision making.

Various actions continue to be in place to help with staff well-being.

Staff have been signposted to useful websites and resources and have access to counselling via referral system as required.
