Sparkle and Shine

This project teaches children about the celebrations that take place during the autumn and winter seasons, and focus on the significance and symbolism of light at this time of year.

The children will be talking about all the different celebrations that they have been part of. The children will be learning about Hanukah, Diwali, Ramadan and Christmas. They will be looking at all the similarities of the celebrations and will take part in planning and getting a celebration ready at the end of term.

At home please share books about celebrations with your child. Talk about the lights that you see decorating houses. Bake a cake together to celebrate a birthday or being a family. Look at a candle/ fairy lights in the dark and enjoy the experience together. Make party hats, have a dance to party music and practise wrapping up boxes.

The teachers would all love to see pictures of the children attending celebrations which they can share in class.
