

QEII Connections

Supporting Regulation Techniques and Strategies

Parent/Carer Coffee Morning

Friday 19th June, 9.45-11.00am

QEII School Site

Join us for a highly requested coffee morning with QEII Assistant Headteacher and Behaviour Specialist, Anastasia O'Donoghue.

"For a wide range of reasons, children can feel dysregulated. One technique for all does not work. There are a range of routes to regulation depending on the genesis of it. Working with our multi-disciplinary colleagues, we have generated a range of resources that are pupil and parent friendly to support regulation".

All parents & carers welcome
No need to RSVP

We hope to see you there!

Please note that we have no car parking available on the school site.
Please park nearby with care and attention to respecting our neighbours and then walk into school.
