Class News from Sailors

What fabulous start to the New Year! This term Sailors Class have enjoyed the topic "Me and My Community." Thank you for all the lovely family photos. The children have been taking them off the display and sharing them with adults in the class. They are feeling settled now in class and are learning to play with each other. It is lovely to see them laughing and enjoying each other's company, starting to share and ultimately enjoy being at school. This is when the learning starts...and we are seeing them learn!

Class News from Trailblazers

Trailblazers' topic this term is "Darwin's Delights" and we have been learning about Charles Darwin and his ideas and findings about evolution. We learnt about animal adaptations and how this helps them to survive in their environments. We identified animals from the Galapagos Islands and learnt about their adaptations, then we explored how finches' beaks differ on the different islands to support their survival by allowing them to eat different available foods. We also worked on our own survival skills making snacks in independence cooking. Trailblazers are enjoying being explorers on an expedition!
