**Hope Health Action Charity:** QEII are very proud to be teaming up with the charity Hope Health Action. A fantastic charity co-founded by one of our very own parents in school. They're a wonderful charity that works in Haiti, Uganda and South Sudan, providing health and disability care. It's been a tough year for international aid, and while many organisations have been forced to scale back or leave, HHA is still on the ground, providing amazing support to the most vulnerable – but they really need help to keep doing so. You can find out more about them in this short film:

## **CLASS NEWS FROM ASTRONAUTS**

Astronauts have enjoyed all the Christmas activities from making hats to making cookies, and decorations. We particularly enjoyed our Christmas treat visit from the Animazing animals and discovered how brave we were touching or holding some animals that can appear scary...like a snake! We enjoyed our cuddles with the bunny.

The full version of this newsletter also includes a selection of school Christmas event photos.
