Effective from: ***September 2021***

At Queen Elizabeth II Silver Jubilee School, we recognise that the successful appointment and induction of an Early Career Stage Teacher (ECT) strongly contributes to both the development of the school and the staff member concerned. ECTs bring new ideas and fresh approaches to teaching. In turn, the school endeavours to develop and nurture a promising career. The Early Career Stage Framework (ECF) is a two-year national programme which provides a funded entitlement to development.

Whilst in the ECT period of a career:

- An ECT is enabled to build upon existing knowledge, skills and understanding gained during their ITE study.
- ECTs are supported to meet identified goals and meet the required teacher standards within their employing school.
- ECTs are entitled to a two-year programme of CPD (The Early Career Framework) provided by nationally approved providers.
- During the period covered by the ECF the ECT is entitled to a reduced teaching timetable as follows: Year 1 – reduction of 10% Year 2 – reduction of 5%
- ECTs do not need to complete both years of the ECF in one school.

The school aims to:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the Early Career Framework (ECF) from 1st September 2021

- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers

- Make sure all staff understand their role in the ECT induction programme

Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance Induction for early career teachers (England) from 1 September 2021

- The Early Career Framework reforms

- The Education (Induction Arrangements for School Teachers) (England) Regulations 2012

The 'relevant standards' referred to are the Teachers' Standards.

Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period

- Have an appointed Induction Tutor, who will have Qualified Teacher Status (QTS)

- Have an appointed Induction Mentor, who will have QTS

- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range

- Regularly teach the same class or classes

- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts

- Not be given additional non-teaching responsibilities without appropriate preparation and support

- Not have unreasonable demands made upon them

Support for ECTs

We support ECTs with:

- Their designated Induction Tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments

- Their designated Induction Mentor, who will provide regular structured mentoring sessions and targeted feedback

- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback

- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths

- Chances to observe experienced teachers, either within the school or at another school with effective practice

Assessments of ECT performance

- Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by their Induction Tutor.

- These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.

- After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The Headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.

- The ECT will add their own comments, and the formal assessment report will be signed by the Headteacher, induction tutor and the ECT.

- A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.

- In the event that the ECT leaves this post after completing one term or more but, before the next formal assessment would take place, the Induction Tutor or Headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

At-risk procedures

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

- Areas in which improvement is needed are identified

- Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards

- An effective support programme is put in place to help the ECT improve their performance

The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.

If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or Headteacher will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.
